Brain Injury 103: RETURNING TO SCHOOL AFTER BRAIN INJURY

**WEDNESDAY
JULY 20, 2011
12 noon – 1:30pm
UNIVERSITY OF SAINT FRANCIS
ACHATZ HALL – GUNDERSON AUDITORIUM
2701 Spring Street
Fort Wayne, Indiana 46808**

Enter the second parking lot entrance South of Spring Street

This is a lunch and learn event. There is NO charge for this opportunity to learn more about brain injury. Please join us for part three of a four part series on brain injury. Providers and Agencies are welcome to set up and distribute information to the guests in attendance.

Please RSVP by email to: alan.neuenschwander@gmail.com

Every year in Indiana over 35,000 Hoosiers experience brain injury. Over 6000 of those injured suffer lifelong disability, and these numbers do NOT include our returning Indiana military population. Brain Injury can be life changing.

The Fort Wayne Local Support Network is designed to help families and providers after brain injury.

Our goals are to improve life for families and survivors; raise community awareness; educate; expand our community knowledge base; advocate and impact public policy; broaden community partnerships; coordinate services and support; and remove all barriers to enable fullest recovery.

Local Support Networks (LSN) are offered in Bloomington, Indianapolis, and Fort Wayne. LSN's are the combined initiative of the Brain Injury Association of America, the U.S. Department of Health Resources and Service Administration (HRSA), and Indiana Vocational Rehabilitation.

Each month during 2011 an EDUCATIONAL SYMPOSIUM will be offered at one of the Indiana LSN regional sites. In Fort Wayne symposiums will be offered in January, April, July, and October. All schedule information will be included on the Fort Wayne Local Support Network Facebook Event Page and via email. Please forward information to anyone you feel can be helped by these educational events.

Wednesday Oct. 19, 2011 **BRAIN INJURY 101: RETURN TO SECONDARY EDUCATION**
